SUBJECT: NEW REQUIREMENTS FOR ALL ROOFING (C-39) CONTRACTORS

Dear Roofing Contractor:

This letter is to inform you that Assembly Bill (AB) 881 was **signed into law**, and contains **new licensing requirements** for **all** licensees with a **Roofing (C-39) classification**. If you hold the **Roofing (C-39) classification**, **you must take action** as outlined below **or your right to perform roofing work in California will be suspended** until you comply with AB 881.

Beginning January 1, 2007, all active licensees holding the Roofing (C-39) classification must have either a valid Certification of Workers' Compensation Insurance or a valid Certification of Self-Insurance on file with the Contractors State License Board (CSLB). AB 881 amends Section 7125 of the Business and Professions Code to require **all** Roofing (C-39) contractors carry workers' compensation coverage effective January 1, 2007, regardless of **whether or not they have employees**. Failure to have one of the required certifications on file with the Board will result in the removal of the Roofing (C-39) classification from a license with multiple classifications or in the suspension of a license where the sole classification is the Roofing (C-39) classification. **No exemptions will be granted.**

Sincerely,

STEPHEN P. SANDS, Registrar
